### EXPORT CONTROLS

Exporters must be aware that most technology can be exported from the United States to Serbia under general export licenses. Some equipment (e.g., dual-use technology) requires valid export licenses.

### TRADE RESTRICTIONS

- The Bureau of Industry and Security (BIS) of the Department of Commerce administers dual-use EXPORT CONTROLS. BIS administers these controls through the Export Administration Regulations (EAR, 15 C.F.R. 730 et seq.), which includes the Commerce Control List (CCL) of

dual-use technologies subject to controls. The EAR sets licensing policy for specific destinations, end use, and end user controls.

- Based on the Commerce Country Chart (Supplement No. 1 to Part 738 page 11, EAR), you need to obtain an export license for exports to Serbia of items on the CCL controlled for the following reasons: CB 1, CB 2, NS 1, NS 2, MT 1, RS, 1, RS 2, CC 1, CC 2 and CC 3.
- Note: If there is an “X” in the box, this means that I require a license for exports to that particular country. If the space is blank and there is no “X”, this means that I do not need an export license for a shipment to the country in question.
